

Child Care Subsidy Services Makes a Difference for Children and Communities Alamance County

What Service is Needed:

Child Care Subsidy Services

- Helps parents pay for child care so they can work or attend school
- Provides information to parents about how to choose a safe, quality child care arrangement
- Funded by a mixture of state (35%) and federal dollars (65%)

Facts About Alamance County

- 6,094 children are eligible for child care subsidy services (Includes children under age 11 whose parents are working).¹
- \$6,547,497 is currently available to serve eligible children.²
- Currently 1,565 children are receiving subsidized child care services. This represents 25.7% of all eligible children.²
- With a 5% increase in child care subsidy funding, an additional 75 children could be served each month in Alamance County.³

Key Facts about Subsidy Services in North Carolina:

- About 95,000 children per month receive subsidy services
- 82% of the children are receiving services because their parents are employed
- 85% of the families receiving subsidy services earn less than \$25,000 per year
- Parents pay a portion of the child care cost by paying 8%, 9%, 10% of their income as a parent fee

The Benefits:

For Families

- Helps parents to work and attend school
- Provides a safe setting for children
- Helps children to be better prepared for school
- Having a good early childhood education experience helps children to be successful in language, math and social skills in school

For the Community

- Working families put a large amount of money back into the local economy and tax system through their employment, earnings and purchase of child care
- The cost of child care subsidy services is offset by the working families' ability to pay taxes
- Parents with stable child care arrangements are more focused on the job and make better employees
- Receiving child care subsidy services offers children a chance to receive an early childhood education which leads to increased success in school and less costs to the community and state in terms of remedial services

¹Based upon data from the 2000 Census and 2007 population projections.

²Includes non-Smart Start and Smart Start allocations (SFY 2007-08) and children served (during 7/08).

³Based upon the average cost of care in Alamance county and a 5% increase in total current funds available (state and federal).

- Currently 60 children are receiving subsidized child care services. This represents 18.6% of all eligible children.²
- With a 5% increase in child care subsidy funding, an additional 3 children could be served each month in Camden County.³

Key Facts about Subsidy Services in North Carolina:

- About 95,000 children per month receive subsidy services
- 82% of the children are receiving services because their parents are employed
- 85% of the families receiving subsidy services earn less than \$25,000 per year
- Parents pay a portion of the child care cost by paying 8%, 9%, 10% of their income as a parent fee

The Benefits:

For Families

- Helps parents to work and attend school
- Provides a safe setting for children
- Helps children to be better prepared for school
- Having a good early childhood education experience helps children to be successful in language, math and social skills in school

For the Community

- Working families put a large amount of money back into the local economy and tax system through their employment, earnings and purchase of child care
- The cost of child care subsidy services is offset by the working families' ability to pay taxes
- Parents with stable child care arrangements are more focused on the job and make better employees
- Receiving child care subsidy services offers children a chance to receive an early childhood education which leads to increased success in school and less costs to the community and state in terms of remedial services

¹ Based upon data from the 2000 Census and 2007 population projections.

² Includes non-Smart Start and Smart Start allocations (SFY 2007-08) and children served (during 7/08).

³ Based upon the average cost of care in Camden county and a 5% increase in total current funds available (state and federal).

- Provides a safe setting for children
- Helps children to be better prepared for school
- Having a good early childhood education experience helps children to be successful in language, math and social skills in school

For the Community

- Working families put a large amount of money back into the local economy and tax system through their employment, earnings and purchase of child care
- The cost of child care subsidy services is offset by the working families' ability to pay taxes
- Parents with stable child care arrangements are more focused on the job and make better employees
- Receiving child care subsidy services offers children a chance to receive an early childhood education which leads to increased success in school and less costs to the community and state in terms of remedial services

¹ Based upon data from the 2000 Census and 2007 population projections.

² Includes non-Smart Start and Smart Start allocations (SFY 2007-08) and children served (during 7/08).

³ Based upon the average cost of care in Davidson county and a 5% increase in total current funds available (state and federal).

³ Based upon the average cost of care in Alexander county and a 5% increase in total current funds available (state and federal).

Child Care Subsidy Services Makes a Difference for Children and Communities Haywood County

What Service is Needed:

Child Care Subsidy Services

- Helps parents pay for child care so they can work or attend school
- Provides information to parents about how to choose a safe, quality child care arrangement
- Funded by a mixture of state (35%) and federal dollars (65%)

Facts About Haywood County

- 2,400 children are eligible for child care subsidy services (Includes children under age 11 whose parents are working).¹
- \$2,784,268 is currently available to serve eligible children.²
- Currently 586 children are receiving subsidized child care services. This represents 24.4% of all eligible children.²
- With a 5% increase in child care subsidy funding, an additional 30 children could be served each month in Haywood County.³

Key Facts about Subsidy Services in North Carolina:

- About 95,000 children per month receive subsidy services
- 82% of the children are receiving services because their parents are employed
- 85% of the families receiving subsidy services earn less than \$25,000 per year
- Parents pay a portion of the child care cost by paying 8%, 9%, 10% of their income as a parent fee

The Benefits:

For Families

- Helps parents to work and attend school
- Provides a safe setting for children
- Helps children to be better prepared for school
- Having a good early childhood education experience helps children to be successful in language, math and social skills in school

For the Community

- Working families put a large amount of money back into the local economy and tax system through their employment, earnings and purchase of child care
- The cost of child care subsidy services is offset by the working families' ability to pay taxes
- Parents with stable child care arrangements are more focused on the job and make better employees
- Receiving child care subsidy services offers children a chance to receive an early childhood education which leads to increased success in school and less costs to the community and state in terms of remedial services

¹ Based upon data from the 2000 Census and 2007 population projections.

² Includes non-Smart Start and Smart Start allocations (SFY 2007-08) and children served (during 7/08).

³ Based upon the average cost of care in Alexander county and a 5% increase in total current funds available (state and federal).

Facts About Martin County

- 1,103 children are eligible for child care subsidy services (Includes children under age 11 whose parents are working).¹
- \$1,181,373 is currently available to serve eligible children.²
- Currently 314 children are receiving subsidized child care services. This represents 28.5% of all eligible children.²
- With a 5% increase in child care subsidy funding, an additional 15 children could be served each month in Martin County.³

Key Facts about Subsidy Services in North Carolina:

- About 95,000 children per month receive subsidy services
- 82% of the children are receiving services because their parents are employed
- 85% of the families receiving subsidy services earn less than \$25,000 per year
- Parents pay a portion of the child care cost by paying 8%, 9%, 10% of their income as a parent fee

The Benefits:

For Families

- Helps parents to work and attend school
- Provides a safe setting for children
- Helps children to be better prepared for school
- Having a good early childhood education experience helps children to be successful in language, math and social skills in school

For the Community

- Working families put a large amount of money back into the local economy and tax system through their employment, earnings and purchase of child care
- The cost of child care subsidy services is offset by the working families' ability to pay taxes
- Parents with stable child care arrangements are more focused on the job and make better employees
- Receiving child care subsidy services offers children a chance to receive an early childhood education which leads to increased success in school and less costs to the community and state in terms of remedial services

¹ Based upon data from the 2000 Census and 2007 population projections.

² Includes non-Smart Start and Smart Start allocations (SFY 2007-08) and children served (during 7/08).

³ Based upon the average cost of care in Martin county and a 5% increase in total current funds available (state and federal).

- 82% of the children are receiving services because their parents are employed
- 85% of the families receiving subsidy services earn less than \$25,000 per year
- Parents pay a portion of the child care cost by paying 8%, 9%, 10% of their income as a parent fee

The Benefits:

For Families

- Helps parents to work and attend school
- Provides a safe setting for children
- Helps children to be better prepared for school
- Having a good early childhood education experience helps children to be successful in language, math and social skills in school

For the Community

- Working families put a large amount of money back into the local economy and tax system through their employment, earnings and purchase of child care
- The cost of child care subsidy services is offset by the working families' ability to pay taxes
- Parents with stable child care arrangements are more focused on the job and make better employees
- Receiving child care subsidy services offers children a chance to receive an early childhood education which leads to increased success in school and less costs to the community and state in terms of remedial services

¹ Based upon data from the 2000 Census and 2007 population projections.

² Includes non-Smart Start and Smart Start allocations (SFY 2007-08) and children served (during 7/08).

³ Based upon the average cost of care in Perquimans county and a 5% increase in total current funds available (state and federal).
