

2011 NC Curricula Review Process

In 2007-08 a committee formed by the Division of Child Development and the Office of School Readiness (now the Office of Early Learning) evaluated early childhood curricula for approved use

- by child care programs using curricula to receive a Quality Point,
- in More At Four Pre-Kindergarten programs,
- in Title I Preschool, and
- in Even Start Programs.

A second round of reviews will begin in February 2011. In the links below you will find instructions for submitting curriculum, the criteria used for curricula approval and a list of currently approved curricula:

- [Notice to Curriculum Publishers](#)
- [NC Approved Early Childhood Curriculum](#)
